Join Us on a Museum in Motion!

Join us for a weeklong adventure in the city of New Orleans, LA on a Museum in Motion from March 29 - April 2!

Experience the "Sights and Sounds of New Orleans," a place where centuries old architecture is the backdrop for a culture so invigorating, it will arouse your spirit. New Orleans neighborhoods are where the culture and creativity of the Crescent City come to life. From the historic French Quarter to the elegant Garden District to the music-filled Marigny, there is great food, music and more to be found across the city.

NCM on Vettes of Atlanta Podcast

Vettes of Atlanta Magazine's Rod Worley interviewed NCM President and CEO, Sharon Brawner to get her thoughts on a wide array of NCM related topics.

Rod also took the time to interview NCM Insurance's Sam Milam on what you should know about NCM Insurance.

Be sure to check out both episodes!

Support the NCM and Receive Unique Pieces from the BGAP Paint Shop

Purchase unique pieces that came directly from Bowling Green Assembly's industry-leading, state-of-the-art Paint Shop! Thanks to Kai Spande, Plant Manager, we have a limited number of tools from the Paint Shop including tees, panel strips, and clips. The Plant Body and Paint Manager, Chuck Valentini, shared that these tools are used to hold various body panels in position during the painting process. The Corvette body panels are painted on a carrier and later attached to the frame during the general assembly build process. The panel strips (cut from the cars' facias), the clips, and the tees secure the body panels to the carrier. Once the facias are painted, they go through a Sonic Weld Cell where mounting brackets are used to secure the fascia to the body. During this process, a robot cuts the support panel strips off. The prices are \$500 for a golf tee and panel strip combo and \$250 per clip!

NCM INSURANCE NEWS

Get Agreed Value Protection with NCM Insurance

Auction month just ended and if prices are any indication, it's going to be a great year for those with a collector vehicle in their garage.

However, rising values can be a double-edged sword if you don't have enough insurance on your car and the unthinkable occurs. If you do not have collector vehicle insurance to protect your prized possession now is the time to consider an Agreed Value policy.

With Agreed Value protection, we lock in the value of the vehicle with no depreciation for the lifespan of the policy. If a total loss ever happens, the agreed value is what is paid out to you. With no hassle! Most standard auto companies will offer the value of the vehicle at the time of loss AFTER taking out depreciation. The best part is our annual premium is often 50% less than standard auto companies.

DID YOU KNOW: We can also insure the upcoming 2023 Chevrolet Corvette Z06? We also insure ANY collector vehicle, not just Corvettes!
