

## Monthly Newsletter

### *President's Comments:*

I hope all of you are doing well. This virus has really put everything in a state of confusion over the last year. I am really hoping and praying that you all are still healthy and trying to enjoy life. It was great to get together in March for our first Club meeting in over a year. We will now be back on schedule to have our monthly meetings and Corvettes and Coffee. We also have some great events coming up in April and the upcoming months as everything opens up again and we get back to normal.

We are so fortunate to have the Corvette Museum CEO coming to our Club meeting here in April. He will be bringing a C8 Mobile Corvette to our meeting and you will have a chance to talk to him about what's going on in the museum. I want to thank Charly for coordinating this visit.

We have moved the Corvette Caravan to October for this year. The decision was based on the virus and when things would open up and get back to normal. There were also a lot of other events happening in May that could limit participation in our event. We need members to volunteer and help with the Caravan. I will have more on this in the near future.

Hope to see you all at the Club meeting or Corvettes and Coffee. Save the Wave.

Carl
